FOR IMMEDIATE RELEASE July 30, 2018

Silver Lake Family Dental Opens New Office on Sunset Boulevard, Bringing Personalized Family Care to the Neighborhood

LOS ANGELES, CA — Silver Lake Family Dental has opened a new office on Sunset Boulevard, the historic 22-mile stretch that runs through the heart of Los Angeles. Located just east of Hollywood in the center of Silver Lake, the new practice sits among the neighborhood's independent cafés, restaurants, and shops, designed with the families and individuals who live there in mind.

The practice pairs advanced dental technology with an individualized, patient-first approach and — recognizing that convenience matters as much as care — is open on Saturdays to accommodate busy schedules.

Silver Lake Family Dental offers a full range of services, including general, cosmetic, and restorative dentistry, dental implants, clear aligners, and urgent dental care. The office is also built around patient comfort: guests are offered blankets, televisions, and Wi-Fi during appointments, and the practice uses BPA-free fillings as part of its standard of care.

"The visit was amazing — I'm so happy with my smile," said one patient. Others have described the practice's dentist as "meticulous and professional," adding, "I love it here."

To keep care accessible, Silver Lake Family Dental accepts a broad range of insurance providers, including Aetna, Delta Dental, Humana, Blue Cross of California, Cigna, and MetLife, and offers 100% financing for families who prefer low monthly payments.

Silver Lake Family Dental is a member of the American Dental Association and the California Dental Association, and operates under a simple guiding principle: "*Let our family take care of yours.*"
